

Year 5 Homework Grid

Autumn 1

The Tudors!

Half-term homework:

Enjoy completing at least two of the activities from the selection below. Please bring in any work that you complete so we can add it to our topic display, or you can post it on Seesaw! Have lots of fun learning more about the Tudors - we can't wait to see the work that you produce!

Weekly homework:

SpellingShed and TTRockstars.

Read your reading book and log your activity on Boom Reader.

I like being creative:

Make sketches of Tudor costumes for children and adults - rich and poor - and design your own Tudor brooch, ring or headdress. Take a photograph of yourself wearing your item in your most 'stately' pose.

Discover all about Tudor buildings. Find out about the jetty, styles of chimney, wattle and daub and any other features you can. Create a model of a building in the Tudor style. Be creative with your materials!

I like being a mathematician:

Create your own Maths words problems based on the Tudors. Bring them in and see if Mr Young can solve them!

Create a graph that shows how long each of Henry VIII's wives lived for. You could use a bar chart or a line graph. What information can you get from your graph.

I like being scientific:

Tudor Medicine Investigation

Research one Tudor "cure" (e.g. using herbs, leeches, or unusual mixtures). Compare it with how we treat the same illness today. Present findings in a table or poster titled "Tudor vs. Modern Medicine".

Tudor Food & Diet: Healthy or Not?

Find out what a rich Tudor and a poor Tudor might eat in a week. Use science knowledge about nutrition to explain: What parts of a balanced diet they were missing? How might this affect their health and teeth?

I like reading and writing

Tudor times were a great period of sea voyages and global exploration. Find out the names of some Tudor explorers and the new products they brought home. Be creative in how you record your research! You could plot their journeys on a world map and create an informative poster!

Henry VIII was born in 1491 and lived to be 55. As a young man he was fit and healthy but as he got older he became very overweight and not very healthy. He enjoyed great feasts. Can we find out what Henry VIII might have eaten at a feast? How could he have changed his diet to eat healthier? Can we plan a healthy Tudor feast for Henry VIII?
