

Year 5 Homework Grid
Autumn 2 – Earth and Space

Half term homework:

Enjoy completing at least two of the activities from the selection below. Please bring in any work that you complete so we can add it to our topic display, or you can post it on Seesaw! Have lots of fun learning more about Earth and Space – we can't wait to see the work that you produce!

Weekly homework:

- **Complete both SpellingShed and TT Rockstar challenges.**
- **Complete your reading 3 times during the week and log it on BoomReader.**

I like being creative:

Create your own space themed top trumps cards.

Bake your own space themed cookies or biscuits. They could be star, rocket or planet shaped. They could even include space rocks such as popping candy! Write the recipe down and bring it in. Feel free to share your biscuits with your teacher!!

Make a 3D model rocket with a parachute to aid re-entry.

Make a space mobile that you could hang in the classroom.

I like being a mathematician:

Create a timeline to show the history of space travel.

Be the teacher! Create some Space themed Maths problems for your teachers to solve.

Find out the distances of different planets, stars, the sun and moon from Earth.
How do we measure things that are huge distances away?

Find out the temperatures of different planets in our solar system. Present the information in as you like. Are there differences between night and day?

I like reading and writing

You are going on a spaceship and can only take 10 things with you. What will you take? Either write why you would take them and draw them in your suitcase

Create a narrative story based around space travel. Are you traveling to the moon, a different planet, encounter aliens? Be imaginative and descriptive.

Complete a character study of Neil Armstrong or any other famous astronaut/ cosmonaut.

Write newspaper report about the first moon landing.
