

# Year 3 Learning Log

Spring 2

## I like being a mathematician:

- Continue to practise your 3, 4 and 8 times tables
- This half term, I would like you to focus on learning to tell the time to every 5 minutes, plan your days around the time, what time will you eat your breakfast, dinner and tea, what time will you go for a walk etc.

## I like being an active learner:

- Be like an athlete ready to perform at the Olympic Games and get fit by taking a daily run. Time yourself each day. Can you beat your personal best?

## I like being creative:

- Be inspired by Greek art! Look at online examples of pottery and create a design for an ancient Greek jug or bowl. You could choose a scene from Greek mythology to represent in your artwork or maybe another familiar story. Remember to use colours typical of Greek art, such as black, white, orange and yellow.
- Design a mythical creature. Which animals' body parts could you include in your design? What personality will your creature have? Make your creature using junk materials and give it a fabulous name

## I like being a reader, a writer and being creative with words:

- Look carefully at the shapes of the letters of the Greek alphabet. Practise forming them and pronouncing them. Can you teach the alphabet to your family?
- Find out about famous Greek philosophers such as Plato, Aristotle, Archimedes and Pythagoras. How did their work influence life today? Make a scrapbook using downloaded images and drawings and write informative sentences and captions.
- Read and retell the story of Medusa, the Gorgon, who could turn people to stone if they looked at her. Illustrate your story with a detailed drawing of Medusa's face, showing the venomous snakes that sprouted from her head instead of hair.

## Key Vocabulary:

Learn the meaning and spellings of these words:

- conquer
- democracy
- myth
- philosopher
- empire
- Greece
- Europe
- battle

For your home learning challenge please try to complete at least 2 activities.

Your challenge must be creative, informative and in your own words. We look forward to seeing how imaginative your challenges will be. Please take pride in each piece of work you do and have fun!! Please take pictures or videos and upload to your seesaw account, you will then be able to share and explain your work through the screen in class, or bring in to share with the class on the final week of the half term.

To be completed and shared with the class via Seesaw w/c Monday 30<sup>th</sup> March 2026
