

# Year 4 Homework Spring 1

## Half term homework:

Enjoy completing at least two of the activities from the selection below. Bring in any work that you complete so we can add it to our topic display. Have lots of fun learning more about the deep blue sea - we can't wait to see the work that you produce!

This work is due in the last Friday before half-term.

## Weekly homework:

Make sure you are practicing your times tables. Look out for battles Mr Carr is putting on TT Rockstars.

Look on EdShed for the weekly spelling list and show me how you learn these. Read your reading book and log your activity on BoomRead.

### I like being creative:

Listen to The Beatles' song, Yellow Submarine. Look at the lyrics and write a new verse of your own.

Design a poster showing the different layers of the ocean - include the plants and animals that are found there and make sure you use lots of colour!

Design a colourful 3d 'Under the Sea' scene in a

### I like being scientific:

Observe what happens when you leave a small amount of water on a saucer for a few days. What happens if you leave the same amount of water out in different areas of your house? Record your findings and observations each day, then write your conclusion.

Research and draw the food chain of an animal which lives in the ocean. What is the producer? What is the top predator? Can you remember which way to point the arrows?

### I like learning outside:

Observe the difference in nature where you live, during the season of Winter, and record this with before and after photos or pictures.

Design and create a bird feeder to help the birds in finding food this winter. Watch to see what birds visit your feeder and research the names of these birds

Find and visit local rivers, reservoirs, lakes, streams and ponds. Look carefully, what wildlife can you find there? Can you visit any oceans or seas?

### I like being a writer:

Write a 'true or false' quiz with fascinating facts about creatures and plants that you might find under the sea.

Research the fascinating Great Barrier Reef. Create fact cards about the creatures and plant life that live in the Great Barrier Reef.

Make a tourist leaflet for people visiting Australia's Great Barrier Reef. Can you include key facts about the area and how to stay safe there?
