### PANS/PANDAS Awareness

Throughout July, the PANS PANDAS community are taking on challenges to support families affected by PANS PANDAS.

PANS is a neuropsychiatric condition which is triggered by a misdirected immune response to a variety of triggers, resulting in a constellation of symptoms as outlined below.

PANDAS is a subset of PANS. Similarly, it is a neuropsychiatric condition which is triggered by a misdirected immune response to a Streptococcal infection which results in a variety of symptoms as outlined below.

This year the community are inviting children and young people to submit entries to their fantastic volunteer run Art competition. Artists should be inspired by the theme CHALLENGE.

### This week's Assembly Message:

This week in Assembly we talked about how we all belong to the Family of God. We recognise that each member of a family is different and that the family needs each member! We are all valued by God as members of His family and should try to love each other as brothers and sisters.

### Mount Kilimanjaro Adventure!

One of the dad's in our school community (Mr Khadka) is off to climb Kilimanjaro in a couple of weeks and is fundraising for a school in Nepal. Please find the link below if you would like to sponsor him for this fantastic cause, every penny counts. <https://gofund.me/8cdc3eac>
